Dear **Dr./Prof. Reni Suryanita**,

The message below was sent to you several days ago but we have not yet received your corrections. Please return your proof corrections/approval as soon as possible so as not to delay the publication of your chapter.

Note: The reminder mail is generated automatically. Please ignore this mail if you have sent any correspondence/corrections previously.

Cordially,

Monica Janet M.

-----Dear **Dr./Prof. Reni Suryanita**,

I am happy to inform you on behalf of Springer that the page proofs of your Springer title **The Evaluation of Changes in Camber Position to Deflection of Arch Steel Bridge in Extreme Loads** are now available.

Please note that any changes at this stage are limited to typographical errors and serious errors regarding content. If the figures were converted to black and white, please check that their quality is satisfactory and that all references to color in any text discussing the figures are changed accordingly. If you feel that the quality of some figures is inadequate, please send us an improved grayscale figure.

We have introduced a new online correction system, which allows you to directly incorporate your corrections, eliminating any misunderstandings as a result of misinterpreted handwritten corrections, and thus ensuring that publication of the book is not delayed as a result of additional correction procedures.

Please click on the following link, or copy and paste it into your browser window:

https://eproofing.springer.com/books_v2/index.php?token=uRa2ISluPsMLIScfZwrorePvQrVSKGKnZ1pfhUER3xY

Please return the corrected proofs by **5-October-2019**.

Please do not hesitate to contact me if you have any questions.

We welcome your comments and suggestions. Your feedback helps us to improve the system.

Cordially,

Monica Janet M.
